

TRIGGS IN HIDING; "MARTYR TO LOVE"

Former Standard Oil College Light Sued for Divorce.

CHICAGO, May 30.—The revelation that Prof. Oscar Lovell Triggs, for twelve years a member of the faculty of the Chicago University, is hiding in some lonely spot far from Chicago, broken in health, came as a shock to the little colony of Chicago transcendentalists which Prof. Triggs formerly dominated.

Parker H. Scomb, editor of "Tomorrow," an idealist magazine who has been accounted an enemy of Prof. Triggs since the community experiment of 1895 Indiana avenue a year ago, told the story of Prof. Triggs' bitter downfall when the news came that Laura McDoo Triggs, wife of the professor, had sued him for divorce on grounds of undue familiarity with "strange women."

According to Scomb, Prof. Triggs is a martyr to his ideal of life and love. He declined to reveal the professor's hiding place.

SELF-CONFESSED SLAYER JAILED

LEXINGTON, Ky., May 30.—Floyd Fraser, aged eight with the murder of Mrs. Ella Flannery in Letcher county, has been safely lodged in the Bell county jail at Pineville, Lincoln county. Fraser confessed the crime, saying he was angry at the woman. He lay in wait for her all day, and when she passed him, going to the spring for a bucket of water, he attacked her, striking her with a rock. He then cut her throat, blood spurting all over him. Bloody clothing led to his arrest. The Pineville jail will be guarded to prevent his being lynched.

EGGS IN A TRUNK TURN INTO CHICKS

HAZLETON, Pa., May 30.—Incubators and sitting hens are not required here, even in cold weather, to hatch chickens. Mike Halchek, of the Ninth district, packed his trunk for a trip to Hungary. He purchased a dozen eggs to take with him. They were securely packed in the trunk which was placed close to a chimney. Then Mike delivered his departure for almost a month. When he opened the trunk to rearrange his belongings, twelve baby chicks chirped.

ALLEN HAS DISAPPROVED AUTOMATIC FIRE ALARM

Walter C. Allen, Electrical Engineer for the District, has recommended to the Board of Commissioners that the District decline further to permit the maintenance of Fire Headquarters at the automatic registering fire alarm of the National Automatic Fire Alarm Company, alleging that the company has failed to provide a proper service or maintain its automatic registering apparatus.

If the Commissioners approve the recommendations no more alarms will be received by the department from subscribers of this company. Mr. Allen says that the automatic apparatus was taken out of Fire Headquarters on May 8 for repairs, and has never been replaced.

This service is special and is paid for by parties using it and has nothing to do with the regular fire alarm service.

GIRLS GET DIPLOMAS FROM MRS. SMALLWOOD

Washington's long list of fair graduates was increased by ten last night, when the students of the class of 1907, Washington Seminary, received diplomas from their principal, Mrs. Della Graeme Smallwood, in the auditorium of Gunton-Memorial Church.

Miss Katherine Louise Ladd and Miss Dorothy Archibald Smallwood, both of this city, were respectively salutatorian and valedictorian. The other members of the class entertained the large gathering with musical numbers and essays.

The following are members of the class: The Misses Dorothy Archibald-Smallwood, Esther Irene Smyth, Annie Alberta Henson, Amy Pearl Langley, Hazel L. Flockenger, Louise Dulin Goldsborough, Clara Marie Holderman, Katherine Louise Ladd, Alice Maynard Ripley, and Ruth Winter.

BURNS HANDS AND FEET; TOUCHED LIVE WIRE

While working in the electric power house at 450 Washington street early this morning, James O. Lamb, twenty-six years old, of 936 Eighth street northwest, was burned on the hand and foot by coming in contact with a live wire. He was taken to the Emergency Hospital. His condition is not serious.

LAUNDRY DRIVERS PLAN FOR ANNUAL PICNIC

The laundry drivers will give their third annual excursion and picnic at River View Thursday, June 9, and, judging from the advance sale of tickets, promises to be one of the largest excursions of the season.

Alcohol not needed

Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alterative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows. We publish the formulas of all our preparations.

HORSE CLIPPING FIREMAN USES MACHINE ON MATES

Shearless Haircutting Stirs Jealous Barbers' Ire in Pittsburgh, and Fire Fighter Is Asked By Union to Quit.

PITTSBURGH, May 30.—"Firemen must not use horse clippers to clip each other's hair."

The secretary of the local barbers' union heaved this ultimatum into the Seventh avenue engine house just as Truck Driver Harry Spahr was giving one of his mates a shearless hair cut. Accompanying the ultimatum was a razor edged rebuke from the barbers, who considered Spahr's action as at least unbecomingly.

About two weeks ago a big machine clipper came to the engine house to

help Spahr get his big team of blacks ready for the next parade. Spahr soon became so expert with the clippers that he longed for other fields to conquer besides the glossy hides of his blacks. Finally a truckman who was long on hair, short on cash, and had escaped the spring love bug, offered his head to Spahr's clippers. Spahr did a good job and repeated it on nearly every man in the engine house.

He was extending his trade among the boys in the neighborhood when the barbers' ultimatum fell into the engine house.

REAL RANCH LIFE DEPICTED BY CODY

Many Unique Features Connected With "Buffalo Bill's" Show.

Among the many interesting scenes depicting Western life in the early days, which will be presented as part of Buffalo Bill's Wild West tomorrow and Saturday, will be "A Holiday at T-E Ranch." In this scene the pleasures and pastimes of the plainsman will be depicted. His sports and amusements will be re-enacted with the same fidelity to fact which marks all the features of Col. William F. Cody's remarkable exhibition.

The scene depicts a typical cowboy holiday, and the sports and pleasures of the plainsman are enacted in detail. Ray Thompson's troupe of educated bronchos and mustangs is also introduced in the ranch scene. They are the first Western horses that have ever been trained to duplicate the feats of thoroughbred circus horses.

The holiday festivities are interrupted by an attack by Indians, and the resulting action shows in a striking manner the perils of life during the era of the pioneer settlers of the prairies. Other typical Western scenes, open-air melodramas in fact, will be "The Battle of Summit Springs" and "The Great Train Robbery"—two strikingly different, yet typical, Western scenes.

The Wild West will exhibit in Washington at the usual show grounds, Fifteenth and H streets northeast, tomorrow and Saturday.

MISS SHEFFER PLAYS AT SCHOOL MUSICALS

Miss Corrie Sheffer, of New York, formerly of Holland, made her second appearance in this country last night at the May musical and lawn fete at the Western High School, the first time being when she played before President and Mrs. Roosevelt, at the White House, in April. Several numbers were rendered by the students' chorus, and Miss Katherine Faethe, of Baltimore, sang three German songs.

The lawn fete attracted a large crowd, and enough money was taken in at the musical and outdoor entertainment to defray the athletic expenses during the coming fall.

RIDES 750 MILES ALONE TO WED FATHER'S COWBOY

HELENA, Mont., May 30.—Three hours after Miss Fanny Morris, daughter of a rich Wyoming stockman, rode into Lewiston, she was married to Robert McFarland, one of her father's employees, who had preceded her. The girl rode alone a distance of 750 miles through the wildest parts of Wyoming, North Dakota, and Montana to marry McFarland.

GETS VERDICT OF \$17,500 FOR FALLING OFF A CAR

A verdict for \$17,500 was awarded Virgil Poling by a jury in Circuit Court No. 2, against the Capital Traction Company, for injuries received by falling from a car of the defendant company, on August 25, 1902.

William McNair Appointed.

President Roosevelt has designated William McNair, chief of the Bureau of Rolls and Library of the State Department, as a member of the national geographic board, the duty of which it is to fix the spelling of all geographical names. The board will presently set to work to make a revision of the official geographical gazetteer of the world.

SANTIAGO STRIKE END IS IN SIGHT

HAVANA, May 30.—A truce has been arranged in Santiago's labor war, out of which it is probable an ultimate settlement of the dispute will grow. The armistice was arranged by the arbitration commission named to end the strike.

A nine-hour day without a deduction in pay has been offered the strikers, and it is believed all will accept this concession. Under the temporary agreement the dock workers and stevedores returned to work today. Tramway laborers are holding out for the eight-hour day, but it is believed they will return to work tomorrow.

If a permanent settlement cannot be effected during the truce, even more serious trouble than has already happened is bound to occur with the renewal of the strike.

ROOSTER AND MAN IN FIERCE BATTLE

YORK, Pa., May 30.—William Wilt was injured by a rooster. Wilt was handling some hens when the big rooster flew at him, tore his trousers and spurred him in the legs and back.

The man struck the rooster with his fist, but the fowl kept up the fight, and Wilt was spurred about the hands and face.

Finally he procured a heavy club and sent the wanton cock into a corner. Before it revived the man escaped from the yard.

COLLECTION IN SCHOOLS TO AID PLAYGROUNDS

By order of the Board of Education a collection for the public playgrounds is to be taken in all of the city schools next Tuesday. This is the third season that this collection has been taken, but last year the collection was made just after the collection had been taken for the San Francisco sufferers, so that it did not meet with a large response. Every child will be furnished with an envelope.
